

BIG CAMP WORSHIP PROGRAMS FOR CHILDREN

A How To Guide

WHAT IS IT?

We have prepared several resources for you to utilise. Songs for your worship time, craft ideas, balloon presentations, children's sermons and dramatic readings of stories.

WHAT DO I USE?

You can pick and choose what suits you, your child(ren) and your entire family. You know your child best, so you are best placed to decide what they would prefer. You could also choose to let them just do the bits they love, or you can stretch them by letting them watch.

BE INVOLVED

Perhaps the most important thing you can do with these resources is be involved yourself. Sing the songs with the children (including the actions), listen to the messages. Share your thoughts. Listen to their feedback. Pray with your children. Enjoy 'Big Camp Online' together.

CONNECT WITH OTHERS

Camp is also about connecting with old friends and making new ones. So please join in on our Facebook page with others who are enjoying the online camp experience. Use some of the resources there. Take pictures of your crafts, share your thoughts, pray with families all across our country.
