

## To share a Page with friends:

Mouse left-click **Share** to select who you want to **share** the **Page** with.

- For **Share now (Public)** or **Share to your story (Friends)**, the page will be posted immediately right after you have selected one of these options.
- For **Write post**, click the **dropdown arrow** next to **Public** to select a group you would like to share the post with.

- For **Share on a friend's timeline**, click the names of your friends you want to share the page with, then click **Share**.
